Unlocking New Horizons: Spintly Joins Forces with Accel India's AI and Industry 5.0 Cohort

Spintly, a leading provider of IoT solutions for smart buildings, is thrilled to announce its collaboration with Accel India's prestigious Industry 5.0 Cohort. This partnership represents a significant leap forward in Spintly's mission to revolutionize access management and security within the smart infrastructure landscape.

Accel India, a prominent venture capital firm, has introduced the latest entrants into its coveted accelerator program, Atoms, spotlighting AI and Industry 5.0 sectors. With over 800 applicants vying for a spot in Atoms 3.0, including 300 to 400 AI startups, Spintly emerges as a standout.

Accel has been the first partner to many of India's top startups including Flipkart, Freshworks, Swiggy, Urban Company, Zetwerk, and Cure.fit. Through this synergy, we gain access to Accel's extensive network, resources, and expertise, paving the way for accelerated growth and innovation.

"We are thrilled to embark on this journey with Accel India's Industry 5.0 Cohort," says Rohin Parkar, CEO and Co-founder of Spintly. "This collaboration opens doors to new opportunities for collaboration, learning, and growth, and we are eager to leverage Accel's support to propel Spintly to new heights."

Accel's Industry 5.0 Cohort focuses on nurturing startups that are poised to make a significant impact in smart infrastructure and AI domains. With Spintly's innovative IoT platform for smart buildings, we are well-positioned to drive innovation and shape the future of this industry.
